- See product selection chart for gauge and color availability.
- Trim available in all colors.
- All products available in smooth finish. Consult factory for embossed finish pricing and availability.
- Heavier gauges, narrower widths, striations and embossing minimize "oil canning."
- A 20-year limited finish warranty available for all colors upon written request. (Outside the continental US please inquire.)
- Actual color may vary slightly. Final color selection should be made from actual color chip.
- GALVALUME PLUS® is a registered trademark of BIEC. KYNAR 500® is a registered trademark of ELF Atochem. HYLAR 5000® is a registered trademark of Ausimont.
